

David Fischer - Fraunhofer ISE, Freiburg

Group of Smart Grids

- Occupation:
 - Research Engineer Fraunhofer ISE, Group of Smart Grids
 - PHD Student Royal Institute of Technology KTH, Division of Energy
- Research Fields:
 - System Modelling of Heat Pump Systems
 - Residential Load Modelling
 - Optimal Control
- PHD Idea:

“Control of Variable Speed Air Source HP in a Smart Grid Context”
- Motivation for Workshop:
 - Learning from others
 - Networking
 - Discussion of QP and Convex Optimization Limitations and Problems experienced
