

Introduction

Konstantin Klein

- **Name:** Konstantin Klein, aged 27
- **Background:**
 - B.Sc.: Mechanical engineering (specialization: Design)
 - M.Sc.: Mechanical engineering (specialization: Renewable Energies)
 - Both at RWTH Aachen university, Germany
- **Joined** Fraunhofer ISE as a research associate in April 2013
- Field of **specialization:**
 - „Grid-supportive buildings“
 - i.e. using buildings as a heat storage,
in order to reduce fluctuations in the power grid due renewables
- Relatively **little experience**, but great interest **in optimization**
