

# Prof. Dr.-Ing. Marco Braun

## ■ Curriculum Vitae

1988 -1993	study Mechanical Engineering RWTH Aachen
1994 -1997	scientific assistant at „Lehrstuhl für Technische Thermodynamik“, RWTH Aachen
1998 – 2006	employee at Daimler Chrysler AG Sindelfingen development and calculation of refrigeration cycles head of Tech Club „Energy Management“
2006 – today	professor at „University of Applied Sciences Karlsruhe“ (HSKA) faculty of Management Science and Engineering Institut of Refrigeration, AC and Environmental Engineering thermodynamics and energy management

Detailed Knowledge in modeling an simulation of energy systems
